

New Telephone Strike In April Looms; Beirne Hits Labor Curbs

(By Associated Press)
WASHINGTON, Feb. 20.—The National Federation of Telephone Workers, preparing for a country-wide strike in April unless its wage demands are met, today opposed legislation to forbid collective bargaining on an industry-wide basis.

Joseph A. Beirne, the federation's president, told the senate labor committee that only by negotiating on such a scale can the independent union deal satisfactorily with what he called the "monopolistic" American Telephone and Telegraph Co.

Beirne appeared with his prepared testimony after calling on the CIO and AFL to join with his union to "fight valiantly" against any restrictive laws a nation-wide telephone strike might precipitate.

Ask \$12 Week Increase
The NTFW has served notice that its 250,000 members in every state will walk off their jobs "on or about" April 7 unless they get a wage boost. They are asking \$12 a week more.

Opposition to pending labor legislation also was voiced by Edward G. Wilms, chairman of the independent unions of New Jersey. He told the senate committee the majority of the bills it is considering would "ignite a campaign to spread the flames of communism among legitimate and responsible labor unions."

"Give the Communist party punitive legislation such as outlined in these bills," Wilms asserted in a prepared statement, "and within a brief period the same congressmen who sponsor this legislation will be begging the ex-leaders of labor, perhaps a little too late, to take the communists away from their doors."

For the telephone workers, Beirne said a ban on industry-wide bargaining "cannot produce industrial peace but only chaos and servitude." He asked that congress either specifically exclude his union from any big-scale bargaining prohibition, or write an exemption applying to "similarly situated employees and employers."

"Congress," Beirne said, "might very well require instead of prohibit industry-wide bargaining between management and labor in the telephone industry and some other fields where industry is highly integrated, or where close corporate relationships give unusual strength to particular aggregations or combinations of corporate power."

The NTFW leaders also criticized legislation to outlaw the closed shop and its modifications, under which union membership is a condition of employment.

The issue there, Beirne declared, is not whether the closed shop shall be deemed lawful or unlawful, but whether labor unions "are to be Turn to TELEPHONE, Page 8

U. S. TRAINING BILL FAVORED

Truman To Advocate Universal Training In Congress Speech

(By Associated Press)
WASHINGTON, Feb. 20.—President Truman said today he will send a message to congress advocating universal training as soon as his committee has completed an inquiry.

Mr. Truman at the same time told a news conference the question of a message dealing with extension of the draft was still under consideration.

He made this comment when a reporter said there was a report around the War department there would be no request for drifting authority.

Expires March 31
The present draft law will expire March 31 unless there is a request for an extension and congress takes action.

Dr. Karl E. Compton, president of Massachusetts Institute of Technology, heads a committee which is making a study of universal training for Mr. Truman but its report is not expected to be ready before some time in April.

The armed services have been reported favoring congressional action to establish some form of universal training in preference to requesting an extension of the draft law.

The President, in response to one question, said that he would send a message to congress soon on universal training.

The President said that when a decision is made concerning draft extension he will inform the press.

Mr. Truman said he still is for universal training.

In response to another question, he said he had been for it since 1905. He added that he went into training himself as a National Guardsman when he was 21.

Work is progressing on preparation of a bill to unify the armed forces, Mr. Truman said, adding that it will be ready for introduction in a very short time.

In response to another question, the chief executive said he is not planning a message on export controls.

Hohenzollern Silver In U. S. Custody

Seven tons of Hohenzollern family silver, part shown above, is being taken in custody by the War Department for safekeeping at the National Gallery of Art. The silver, captured by the 175th Regiment at the Elbe River in Germany and brought to Baltimore, Md., as booty, will be held until it is decided whether the Regiment will be allowed to retain it as a trophy. The treasure is valued as high as \$800,000.

Sugar Allocations Abroad Protested

(By Associated Press)
WASHINGTON, Feb. 20.—Rep. William C. Cole (R-Mo) protested to Secretary of Agriculture Anderson yesterday against any "secret" allocation of American-owned sugar to 30 other nations.

Cole's protest came as a committee of the international emergency food council, meeting behind closed doors, worked out final details of 1947 sugar allocations. These allocations divide the world's export supplies among nations depending upon imports.

The committee reported that a decision probably will be announced Friday. Last year Americans consumed 73 pounds per capita. For 1947, the United States has requested sufficient import supplies to allow about 95 pounds per capita.

The food council is an inter-government agency charged with dividing foods in short supply.

In a telegram to Secretary Anderson, Cole "urgently requested" that a minimum of 3,000,000 short tons of American-owned sugar be retained for the use of American people in 1947.

Cole said he had been advised that "you are meeting in secret session today" with the international council "to divide American-owned sugar supplies among more than 30 countries."

Cole asserted that "huge quantities" of food are going to waste in American homes because U. S. housewives lack the sugar to preserve them.

Individual consumers received 25 pounds of sugar through ration stamps last year. The remaining 49 pounds per capita supply went to industrial users for processing food, soft drinks and other products.

POULTRYMEN PLAN MEETING THURSDAY

John Vandervort, Ithaca, N. Y., and E. L. Dakan, chief of poultry department, Ohio State university, will be the principal speakers at the Poultrymen's banquet to be held in the Presbyterian church Tuesday night.

C. M. Ferguson, well known poultry specialist, will act as toastmaster, and remarks will be made by C. F. Moser of Columbiana, manager of the Northeast Ohio Poultry association.

Coleman's quartet from East Liverpool will furnish the music.

Poultrymen from Columbiana and Mahoning counties are expected to attend.

Public Invited to Farm, Home Labor Saving Show

Interesting Displays of Home-Made and Manufactured Devices Will Be Seen At Exhibit Here On Monday

An interesting display of homemade and manufactured labor saving machines and devices for the farm and the home will be seen at the Farm and Home Labor Saving Show to be held in the E. W. Bliss Co. building, S. Broadway, on Monday.

The educational event, open to the public from 10 a. m. to 4 p. m., will be in charge of the Columbiana County Agriculture Extension office, with the cooperation of the Salem Business bureau and other interested groups.

A homemade elevator which will elevate grain to the granary, corn to the crib or hay to the mow, a device for loading shocked corn on a wagon, a power garden worker, power saws of various kinds, a tractor post hole digger, a mechanical device for unloading wagons, and a potato harvester will be among the homemade articles to be seen.

Dairymen will be interested in a polisher for horns of show cattle, manure loader, milk can lift and cart, grapple hooks for unloading baled hay, and many other labor saving devices as well as plans for an approved milk house.

And Many Others
Homemakers will be interested in a wheel table, a laundry cart, a portable sewing cabinet, a household tool kit, cupboard space savers, and aids to ironing as well as a home water system.

Fruit growers will be interested in a homemade tractor seat with attached spray gun, chemical weed control, methods of mulching, etc.

A homemade brooder, mechanical egg cleaner, brooding and rearing equipment, and flock handling equipment will be of particular interest to poultrymen.

A forage harvester with attached equipment for blowing the cut crop into the silo or mow will be seen. A homemade fence post driver and plow and cultivator attachments for applying fertilizer will be exhibited.

Saturday Is Entry Deadline
Articles to be exhibited must be brought to the building Saturday afternoon between 8 and 9 a. m. on Monday.

The show is expected to attract between 1,000 and 2,000 persons from the Columbiana-Mahoning county district.

An Ohio Agriculture college exhibit will include 56 articles and a trailer showing a home and a farm water system.

Motion pictures will be shown by the Ohio Edison Co. and the Ohio Power Co., giving labor saving ideas.

Recognition will be given to the farmers who exhibit the ten most practical labor saving devices. Other awards are planned for organizations entering the best exhibits. No commercial displays will be made.

The county advisory committee in charge of arrangements includes County Farm Agent Floyd Lower and his three assistants, Chester L. Roof, Miss Erma Ramseyer and H. F. Maturen.

The Salem Business bureau committee includes Charles Hald, John J. Lewis, George Trisler, H. C. Hurlburt and Byron Maxson.

The state exhibit will include various home labor saving ideas and labor saving demonstrations will be given. The committee in charge of this part of the show consists of Miss Erma Ramseyer, Lisbon, chairman; Mrs. C. L. Israel, Beloit; Mrs. Paul Crosser, Lisbon; Mrs. Russell L. Miller, Leetonia; Mrs. J. N. Baker, Homeworth; Mrs. Ralph Huston, Salem; and Mrs. Raymond Heim, Minerva.

The committee on exhibits consists of George M. Griffith, Columbiana chairman; Homer McPherson, Lisbon; W. A. Morris, Leetonia; Deane L. Price, Lisbon; L. O. Stafford, Minerva; Raymond Rupert, New Waterford; H. F. Maturen, Lisbon; G. H. Thompson, East Liverpool; Kim Crawford, Rogers; Galen Greenisen, Salem; Emil Malinovsky, Lisbon; Edward L. World Prayer Day Rites On Friday

The Salem High school chorus, under the direction of Thomas Crothers, will sing three selections, "The Green Cathedral," "Prayer of Thanksgiving" and "Holy Lord God," at the World Day of Prayer service at 7:30 p. m. Friday in the Methodist church.

Dr. Walter R. Williams of Damascus, superintendent of missions for the Ohio Yearly meeting of Friends, will give the address.

Raileigh Harris, Akron pianist, will give special numbers.

Rev. E. M. Parks, Rev. R. E. Mosher and Dr. James A. Scott will have part in the service.

The service is sponsored by the Salem Federation of Church Women.

Miss Jean Thorne, director of the Nazarene Junior church, and a teacher in the public schools, with Mrs. Clarence Miller, will have charge of the children's meeting at 4 p. m.

Other services of the day are at 10 a. m. and 2 p. m. Mrs. E. M. Parks, president of the federation, will be in charge.

Box Car Shortage Affects Mullins

A shortage of railroad box cars is threatening to curtail operations at the Mullins Mfg. Corporation's plants here and at Warren, a company spokesman said today.

Many other industrial plants, including the big steel companies, also are hard pressed by the car shortage.

Mullins reported it has 75 carloads of products ready for shipping piled up in its Salem plant and 22 carloads at Warren. General Electric Co. plants at Warren and Niles also are badly clogged.

Four Ohio congressmen late Wednesday urged the Office of Defense Transportation to rescind an order which is blamed for the shortage.

They asked that eastern railroads no longer be required to send 1,600 boxcars, daily to Chicago to be delivered to western railroads for grain loading.

SPEED ACTION ON OHIO BILLS

Legislation To Provide Funds For Cities Moves Ahead

(By Associated Press)
COLUMBUS, Feb. 20.—Success for money-seeking local governments by way of the administration's tax program made good legislative headway today.

Leaders said the house rules committee would act early next week to start through the legislature a bill extending the .65 percent utility excise tax for two years and allowing use of revenues for welfare purposes other than poor relief.

The levy, together with a permanent 1.35 percent utility tax, produce about \$6,500,000 a year for poor relief.

Welfare department officials said counties now had nearly \$9,000,000 in their treasuries which could be used only for poor relief, but which was needed for other welfare activities.

The house committee already has approved the plan to release those funds for aid to blind and dependent children and other welfare work.

Spent \$8,753,000 in '46
Poor relief cost the state \$8,753,000 last year, of which counties paid half, or \$4,376,500, welfare department figures showed.

Thus county relief balances are sufficient to carry poor relief for the next two years, leaving receipts from the utility tax for other welfare purposes, it was said.

The rules committee also is scheduled to act promptly on sending to the house a measure making permanent the two-cent cigarette tax which last year yielded about \$15,000,000. The levy has been reenacted every two years.

The taxation committee, which recommended a permanent cigarette tax, also may act on a two-year extension for the one-cent liquid fuel tax in time for it to clear the rules committee next week. The liquid fuel tax, which is due to expire unless reenacted, also yielded about \$15,000,000 last year.

Utility Revenues
The senate taxation committee also has recommended passage of a measure to aid local sub-divisions, although it is outside the administration's tax program.

The bill would permit municipalities owning utilities to use up to Turn to SPEED, Page 8

Senate Gets Inside Story Of Activities

COLUMBUS, Feb. 20.—Inspector Edmund E. Schuster told the Ohio senate investigating committee today he was given a "dressing down" by a superior for raiding a "cheat spot" in East Cleveland.

He identified the superior as Floyd Gable, the state liquor department's agent-in-charge in the Cleveland district.

Schuster, called as the committee's first witness in an investigation of the department, identified a "cheat spot" as an establishment which sold liquor after legal hours without a permit.

The reprimand, he testified, followed advice from Gable to inspectors under him to stay away from "after-hours spots."

The raid to which he referred was conducted in February, 1945, in the establishment of Michael Gualardo on East 55th st. between Euclid and Chester, Schuster said, and the proprietor later was fined \$500 and a barmaid was fined \$1,000.

Gable, who still is chief enforcement agent in the Cleveland district, told Schuster he should not have raided the place because it was "just an after-hours spot," the inspector told the committee.

Claims Both Illegal
Schuster asserted he could not see any difference between a "cheat spot" and an "after-hours spot" because they both operated illegally.

He described the establishment raided as one of the largest of its kind in Cleveland.

The inspector said he later talked with the proprietor's father, who pleaded with him to "go easy on my son" because the father already had spent \$5,000 in behalf of the son's enterprise.

Schuster told the committee that Gable lived at the Tudor Arms in Cleveland, which he described as an "expensive place." He added that inspectors-in-charge were allowed no living expenses.

He said that an inspector named Ashworth resigned because he could not stand the "financial drain."

"But," Schuster added, "He was honest."

Schuster testified that in "either 1942 or 1943" he visited the Arlington cafe in Akron and made a Sunday purchase of whiskey. He explained under questioning that he carried under the cafe a bottle of whiskey for which he paid \$1.

Tore Up Report
The Perrysburg man said later he presented a written report of the one-man raid to George Simpson, whom he identified as the agent in charge of the Akron district.

Simpson, he said, glanced at the report and tore it to bits and threw it in the waste basket.

Committee Chairman Walcutt, through Atty. Frank J. Collopy, who conducted the questioning, asked: "Did Simpson give any reason for his action?"

Schuster shrugged and said: "He just laughed and shook his head."

The hearing got under way at 9:47 a. m., and Schuster was called to the stand seven minutes later. The hearing room was half filled with spectators.

Diary of "Happenings"
Early questioning developed merely the amount of money paid Schuster as a state liquor inspector from 1939 to 1947 and the fact that he kept a diary of "happenings" during his eight-year tenure.

The diary—the famed little black book which Schuster kept always with him—was carried in a worn leather brief case stuffed with other records of his inspectorship.

In a letter to the governor, Schuster had said the liquor department

BEGIN METER WORK FRIDAY

Representatives of the Karpark Corp., Cincinnati, are to be in Salem Friday to begin installation of 174 automatic parking meters in the downtown area, Safety Director C. E. Phillips learned today.

Phillips received a letter stating that installations would be started Friday.

One official of the firm, Walter Hughes, arrived this morning to confer with officials and make a preliminary survey.

The meters, which will take pennies and nickels up to a two-hour limit, arrived last week.

The contract let by city council calls for meter installation before April 1 on a nine-month trial basis.

Keep This Straight

No imagination is required to see that there's more concerned in the fight against David Lillenthal as chairman of the Atomic Energy Commission than the narrow prejudices of Senator McKellar of Tennessee. The fight involves conflicting points of view on ownership and operation of power resources, the greatest of which is atomic energy.

But the fact remains that Senator McKellar is attacking Lillenthal on the basis of narrow prejudice, including his own political peevishness because the former head of TVA refused to appoint some of the senator's henchmen to jobs in that agency. What the public would like to hear sometime in the discussion of Lillenthal's fitness to be chairman of the Atomic Energy Commission is something about the fitness of McKellar to discuss Lillenthal's fitness.

If nothing is done to change the impression, the public may be misled into thinking an able public administrator was sacrificed to the vengeance of a politician angered because he couldn't inflict the spoils system on TVA. That could do more damage to the government than the loss of one of the few men who has shown aptitude for public service.

McKellar's opposition is a credit to David E. Lillenthal.

Doing Nicely, Thank You

Between the lines of despairing description which tell the story of France's newest national trial—the disloyalty of the government's employees—there is evidence that someone must be doing nicely in French politics, thank you.

When 5,000,000 government jobholders demonstrate against the government simultaneously, someone had to be doing nicely. Such things don't happen, except by prearrangement, organization and deliberate purpose.

The purpose of the demonstration was to discredit and embarrass the originators of a government policy of deflation of the country's inflated currency. Or more bluntly, the purpose of the demonstration was to challenge a plan for averting financial collapse.

That would mean the collapse of the government and the disintegration of what little moderation has been salvaged out of the conservative character of ordinary Frenchmen who have been earmarked for intensive political exploitation by leftists.

There is a strong case of circumstantial evidence that the only organized group in the world whose fixed purpose is to overthrow all governments which are not Communist dictatorships should be well-pleased with its progress in France.

The Misguiding Light

Russian newspapers and magazines, apparently under orders to speak harshly of the United States every hour on the hour, are dedicated to a program of correcting bourgeois misapprehensions promulgated by the United States. Consider the electric light, which most of the world believes was invented by Thomas A. Edison.

Pravda says all Edison did was "put to practical use experience that already existed in Russian technological knowledge." It says that three years before Edison invented the electric light a square in St. Petersburg was illuminated by electricity. That is quite possible, because streets in America were illuminated by carbon arc lights before Edison hit upon his idea for filaments in air-tight bulbs.

But the carbon arcs never would have made a satisfactory taillight for a droschky. If Russia runs true to form, some day in the fairly-distant future it may announce complacently that it had the knowledge and wherewithal to produce the atomic bomb in 1945, but didn't, for humanitarian reasons.

Vacation Notes

Amid reports of hunger and instability in Europe, it is reassuring to note that the exiled royal personages of that unhappy continent seem to be doing very well by themselves.

Carol of Romania has become a fixture in the plush cafes and hotels of Mexico. Marie-Jose, wife of Umberto of Italy, has purchased—for \$600,000—an estate on Lake Lemano in Switzerland. On the opposite shore, the former Italian queen's brother, Leopold III of Belgium, maintains a handsome villa while he waits for his subjects to decide whether he will be permitted to return.

There is no system of social security for royal exiles, but it's a dim-witted princeling indeed who lacks foresight enough to line up a soft spot on which to fall.

Falling Back On the Weather

The British coal supply, responding to emergency imports, is getting easier. A break in the severe weather which aggravated the fuel crisis also is imminent. But it is possible this may not be an unmitigated blessing to the suffering Labor party politicians who have been sweating out this first national emergency during their tour of duty.

There are those who claim that the severe weather was an act of Providence, because it provided an excuse for an emergency that would have happened anyway. They claim that the privilege of falling back on the weather was a bacon-saver for the harassed socialists who were, as Winston Churchill put it, "so busy with the doctrinaires of their nationalization policy and so ardently involved in class war that they had no time or strength or brains for making the ordinary administrative arrangements which common prudence demanded."

The Stars Say

For Friday, February 21

BIG deals and important projects loom large, but must be grasped with restraint and straight planning, particularly when there are others whose interests are also at stake. Take careful consideration and seek advice, lest opposition or contest imperil gains already made. Analyze cautiously every step of major operation.

If It Is Your Birthday

Those whose birthday it is should enjoy a year of important affairs, with highly-constructive efforts in landing new deals and operations of significance. This will be achieved in connection with powerful influence who might be disposed to block the way. Deal carefully with these; choose procedures and watch every step of the way for opposition from high places. Hold fast to gains already secured.

A child born on this day may be tenacious and stubborn in dealing with powerful influences aiming at opposition, which will be to its advantage.

A Moscow professor reports that a frog, endowed with a heart transplanted from another frog a year ago, is still hopping around. Having somebody else's heart gives lots of people the jumps, too.

An official of a dressmakers' union says dress prices in 1947 likely will rise to 1929 boom levels. You'll have to cry just a little harder, ladies.

GUARDING YOUR HEALTH

Season For Virus Pneumonia

By HERMAN N. BUNDESEN, M.D.

AS cold weather ushers in the "pneumonia season," there will be many cases of what is known as primary atypical or virus pneumonia.

Other types of this disease can be controlled with penicillin or the sulfonamide drugs but in virus pneumonia we must still depend on general supportive measures which can bolster the patient's own resistance.

Hence it would be well if more people would learn to suspect virus pneumonia when it is present, for the sooner they go to bed and call the doctor, the better their chances for recovery.

A Careful Study

A careful study of this condition by Dr. A. B. Adams and his co-workers of New Zealand indicates that it starts suddenly in practically every instance, with shivering, a feeling of sickness, tiredness, loss of appetite, headache, fever and sweating.

In some cases at the beginning, the symptoms are not severe but usually by the second to the fifth day the patient feels sick enough to go to bed. In most cases, the fever is above 103 degrees.

As the condition continues, coughing and the bringing up of sputum from the chest occur. There may be pain in the chest, shortness of breath and nosebleed.

Headache and dizziness are often present. Constipation and vomiting are noted in a few instances. Other symptoms include sore throat, dryness of the mouth, and diarrhea.

Examination of Chest

Examination of the chest shows the presence of abnormal sounds heard during breathing known as rales. The lymph glands in the back part of the neck are enlarged and the spleen, which is located in the left upper part of the abdomen, is enlarged in one out of four cases.

Small pink spots may appear on the skin in about one out of three cases. These usually are located on the chest, back and flanks. The number of white cells in the blood may be slightly increased at the beginning of the disorder but soon

drop to normal or below normal.

An X-ray examination of the lungs is helpful in making a diagnosis. The condition may be confused with such disorders as influenza, glandular fever, encephalitis or inflammation of the brain, and an infection of the liver known as infective hepatitis.

In treating virus pneumonia the patient should be kept at rest in

bed for at least ten days after the temperature is normal and the symptoms have disappeared. A light diet is given at first, but the amount of food is increased when the appetite returns.

Various preparations may be administered to relieve such symptoms as headache and cough. No other treatment for this condition seems as yet to have been found. In most cases, after six weeks, the patient is able to return to his normal activities.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

Seeks Absolute Divorce From Heiress Doris Duke

TRENTON, N. J., Feb. 20.—James H. R. Cromwell, 51, former U. S. minister to Canada, filed suit in chancery court today for an absolute divorce from tobacco heiress Doris Duke, 34.

Charging desertion, Cromwell said he lived in Weekhawken and that the present residence of his former wife was unknown. He added that she was last believed to be in Honolulu.

Cromwell now holds a limited divorce under which neither he nor the one-time "richest girl in the world" can remarry. She in turn has a Reno divorce recognized in every state except New Jersey.

The divorce petition filed today, if granted, would permit either Cromwell and Miss Duke to be remarried.

The Cromwells were married Feb. 13, 1935. He charged desertion dating from May, 1940, and won a limited divorce in 1945.

Where Cissy Spent Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Cupper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My missus prefers traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home—with your own possessions, good home cooking, and a friendly glass of beer or two—with the best companion in the world.

SOCIAL NOTES

Wesleyan Class Is Entertained

Mrs. F. L. Hendricks was in charge of the program at a meeting of the Wesleyan class of the Methodist church Wednesday evening at the home of Mrs. G. T. Harding, Homewood ave.

Mrs. L. L. Russell conducted the devotions.

Mrs. Hendricks introduced Tommy Burns, who gave the names of famous persons whose birthdays are in February. Mrs. Russell commented on these persons.

Tommy also read Lincoln's Gettysburg address.

Mrs. G. E. Byers reviewed the book, "The Soul of Ann Rutledge." Decorations in keeping with Washington's birthday were used when the lunch was served. Mrs. Harding presided at the table.

Associate hostesses were Mrs. Ray Pearce, Mrs. W. P. Blair, Mrs. E. S. Ellis, Mrs. Fred Capel and Mrs. G. G. Ward.

Meeting March 19, the members will be guests of Mrs. E. K. Cunningham, Euclid st.

Baptist Class Plans For April Benefit

Plans were completed for a benefit April 2, in charge of Mrs. Howard Firestone, Mrs. James Lindsey and Mrs. Jack Kelley, at a meeting of the Young Ladies Bible class of the First Baptist church Tuesday evening at the Firestone home, Albany rd. Twelve members were present.

The meeting was conducted by Mrs. William Parks, president, and Miss Hartha Parks had the devotions. Her theme was, "Jesus, The Light of the World."

Mrs. Frank Grace had charge of the social hour. The hostess and her assistant, Mrs. Merle Grace, served lunch.

The March meeting will be held at the home of Mrs. L. N. Stirling, S. Union ave.

Mrs. Jay Reagle Given Housewarming

Die Timer club associates carried out a surprise for Mrs. Jay Reagle Tuesday evening at East Palestine.

The affair was a housewarming and she was presented a gift for her new home.

At the same time the women surprised Mrs. Walter J. Holmes of Winona with a stock shower.

Mrs. Harvey Trough of Hanoverton was in charge of the refreshments.

Mrs. Reagle, formerly of Salem, was assistant manager of the Murphy store.

Cameo Club Meets With Miss Moore

Miss Alice Whinery and Miss Alice Stalmsmith won game prizes when Miss Ann Moore entertained associates of the Cameo club Tuesday evening at her home, Washington ave.

Cemetery Expansion At Columbiana Due

COLUMBIANA, Feb. 20—Robert Chesnut of the cemetery board was before council Tuesday evening with a request for the survey of more lots in the cemetery.

Few available lots remain in the large new addition, except in the south part where the drives are not all paved. Council probably will have that area platted as soon as it can get a surveyor.

Chesnut also brought to the attention of council some facts relative to the duties of Sexton Brown, whose recent request for another raise in pay was refused. Of some 50 graves dug during January, 18 required Saturday or Sunday work, which was extra time as the sexton is supposed to be on a 40-hour week.

Andrew Bretz, who has a housing project involving completion of a new street development in the south part of town was again before council with a map of the area for further information regarding water and sewer installations, which are supposed to have been completed by the originator of the enterprise. He was accompanied by Homer Harold, superintendent of waterworks.

Street Commissioner Walter Thomas has been unable to obtain ashes for the repair of the unpaved part of Pittsburgh st. east of the Y. & S. railway.

In response to a communication regarding complaints of property owners about an open ditch along the Y. & S. railway being clogged and overflowing, officials of the railway informed council that representatives of the company will contact Street Commissioner Thomas as the ditch being partly on town property.

Walter Hartsock of the Franklin Furniture Co. was before council at its request regarding complaints that its trucks sometimes block S. Elm st. near the Pennsylvania railroad along its plant. Mr. Hartsock said the company would try to find a way to overcome the difficulty.

Another complaint about parked automobiles on Railroad and Elm streets around the factory will be largely relieved by action of council.

Fruit Growers to Meet
The Columbiana and Mahoning County Fruit Growers association will hold its annual meeting in the Columbiana High school auditorium Friday. Dinner at noon will be served in Grace Evangelical and Reformed church by the King's Daughters' class.

Justice Rides On A Tractor

The dramatic photo above shows the body of G. W. Beasley, 22-year-old ex-convict from California lying in the field near Council Hill, Okla., where he was shot to death after a spectacular chase. During a running gun battle Beasley killed two Oklahoma policemen. After a fake surrender to State Highway Patrolman Howard W. Hill, the desperado tried to shoot Hill and fled. Hill mounted a farm tractor seen in the background, chased Beasley across the field and shot him down.

Police Kill Ex-Convict In Ambush At Chicago

CHICAGO, Feb. 20—Police machine gun fire killed Elmer Henry Pierce, notorious Milwaukee ex-convict, in an ambush at a deserted elevated station in suburban Westchester shortly before midnight last night.

Detective Joseph McCabe—one of nine policemen who laid the trap—opened fire on Pierce, 37, charged with murder in the wild Milwaukee street-car slaying of his niece last Jan. 7.

He said Pierce, described by police as a "dangerous maniac," ignored orders to surrender and reached for a loaded revolver in his overcoat pocket.

McCabe raked Pierce with 16 shots at a distance of 10 feet, killing him instantly.

Pierce, who had a Milwaukee police record of 50 holdups previous to his imprisonment in Wisconsin from 1930 to 1942, had been convicted by Milwaukee police with a series of holdups and the kidnapping of a garage attendant there since the shooting of his niece.

Home Remedy Explodes

CLEVELAND, Feb. 20—A home remedy for arthritis literally exploded today for Mrs. Ida Mae Hill, 26.

Police said she was using a foot bath of moliballs and naphtha gasoline that had been recommended by her brother-in-law. What set off the mixture wasn't determined immediately.

She was taken to a hospital with first and second degree burns on her feet and ankles.

The average freight locomotive will consume one ton of coal for every nine miles of travel.

Atomic Power Plant To Become Real Laboratory

SCHENECTADY, N. Y. — The atomic power plant of the future will be more like a chemical manufacturing plant and will not necessarily compete with the conventional power plant as we know it, says Dr. C. G. Suits, director of the General Electric research laboratory.

"The atomic power plant will not

need to compete with a conventional power plant in the ordinary sense, because it will manufacture some important new byproducts," Dr. Suits explains, listing highly valuable enriched fissionable material and a great variety of radioactive chemical compounds for the industrial market.

In addition, Suits says, atomic-energy piles may be used as a source of primary heat for chemical and metallurgical industries.

G. C. MURPHY CO.

5c and 10c STORE, SALEM, OHIO

Murray, Like Kilroy, Knows! He Was There, Congress Told

BY ARTHUR EDSON

WASHINGTON, Feb. 20.—A Kilroy or a school boy?

Labor Leader Phil Murray was compared to both at a meeting of the senate labor committee today.

The senators have their hearts set on rewriting some labor laws. So Murray, as head of the CIO, came down to give his views.

You can read elsewhere about the major issues. Here we'll play strictly in a minor key.

Kilroy came in with Murray. The CIO chief and Senator Ellender (D-La.) soon were quibbling over what happened at a meeting Murray had with President Truman.

Murray said one thing. Ellender said another.

"Well, that's your God-given right to differ with me, senator," replied Murray, "but I am like Kilroy—I was there."

The school boy came in with Ellender.

Ellender and Murray got into another conversation (hereafter known as quibble No. 2).

Ellender was talking about some of the issues in the last steel strike Murray was objecting to his interpretations.

Finally Ellender barked: "Well, that's what happened. Any school boy could understand that—even you."

Said Murray: "I wish to thank you for the compliment. But let's not quarrel. Let's not quarrel."

Speaking of quarrels, let's turn to quibble No. 3. This presented Murray vs. Senator Taft (R-Ohio).

Never mind how it started. But here is a verbatim report of its end:

Murray: That's how it was.

Taft: (shaking head): No.

Murray: Yes, it was.

Taft: (shaking head faster): No.

Murray: Oh, yes, it was.

Taft: (shaking head faster and faster): No.

This may win the prize as the most sparkling dialogue of 1947. On second thought, congress is in session and the year is still young.

FREE 'GAS' BLASTS FOR GOOD MEASURE

BALLSTON, Va.—Several residents are pumping free gasoline out of their back yard wells, but by and large a mysterious leak from an unknown pipeline or storage tank is regarded as a menace.

Many cellars are damp with gasoline or filled with fumes. Residents have been made ill, and explosion or fire is a constant danger.

Rudolph Thompson, a carpenter, says: "Everybody in the neighborhood is living on a time bomb."

The county manager is calling on the U. S. Bureau of Standards for help in locating the leak.

Reports of Meetings and Special Events of Interest to Farm Folk

Perry Grange
Mr. and Mrs. James Zimmerman were showered with gifts for their home at a meeting of Perry Grange Wednesday evening at the hall.
Mrs. Zimmerman, before her recent marriage, was Miss Janet Whinnery.
Ralph Huston described his recent trip to Florida. Other numbers on the program were:
Vocal solos, Donna Jean Newhouse and Jewel Farmer with Vivian Bates as the accompanist; select reading, "Miracle Bark," Mrs. E. S. Huffman; reading, "Green Pastures," Patty Callahan.
Raymond Fawcett was in charge of the movies.
Three applications for membership were received.
The next meeting will be held March 15.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
If you have excess acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Fear Phone Strike Hurting Business

YOUNGSTOWN, Feb. 20 — Fear that food and other materials they supply may be cut off entirely as a result of the week-old strike by Ohio Bell Telephone Co. employees was expressed today by produce dealers and fuel and building supply operators.

The strike has eliminated all but emergency service on long distance lines.

Wholesale produce men reported they already had been hard hit. The greater part of their business is handled by long distance telephone. Buying has almost ceased and stocks of produce are at the lowest here in many years, produce men said.

Contractors said they were unable to contact lumber, hardware, brick, tile and cement dealers and said

they had been forced to curtail operations.

The strike has affected more than 700 workers who are members of the Ohio Federation of Telephone Workers, an independent union.

The union maintains the company promoted three men to work on the toll test boards and contends the jobs should have been offered to employees of greater seniority.

The company asserted that not enough men were available for other operations.

A jury of eight men and four women returned the verdict yesterday after hearing her testify that her husband, Oscar, 50, had driven her to slay him after beating her "with anything he could lay his hands on" during 29 years of marriage.

Happy Landing

Happy to be a future niece of Uncle Sam is Mary Duffhaus, who survived four years in a German concentration camp. The French youngster is pictured as hugging her big doll, she recently arrived in New York. She and her parents will be cared for by Catholic Committee for Refugees until they find a home.

3-WAY PROBE OPENS IN RAIL DISASTER

ALTOONA, Pa., Feb. 20 — A three-way investigation was under way today to determine why the Pennsylvania railroad's "Red Arrow" passenger train plunged off Bennington curve Tuesday bringing death to 22 persons, with three men still unaccounted for. More than 100 were injured.

The Interstate Commerce Commission and the Pennsylvania Public Utility Commission sent their rail crash experts to the scene to work with PRR officials in investigating the wreck of the Detroit-to-New York flyer.

When all data is assembled, it will form the basis for an ICC hearing tomorrow in the Pennsylvania station at Pittsburgh.

SENATE

was "no place for an honest man" to work.

Jan. 26, 1945, Schuster testified, he went to Jefferson county to look for slot machines and found 20 of them in permit-holders' establishments. He produced copies of reports he made at the time and which he presented to last month's grand jury session at Steubenville.

About the time the Jefferson county report was made, Schuster said, Frank Kleinfelder succeeded William Cleary as chief enforcement officer of the liquor department.

In April, 1945, at Kleinfelder's office, Schuster said he saw the slot machine reports on the chief's desk. Kleinfelder told him he had called the parties concerned to Columbus and warned them, but expected to take no further action, Schuster said because the investigation had been "dumped into my lap" from Cleary's tenure of office.

Schuster testified employees of the Ohio liquor department "did not trust each other too much."

Concrete structures built by the ancient Romans are still in an excellent state of preservation.

10 percent of their gross revenues for general operating purposes after payment of running costs.

Columbus city officials estimated \$175,000 would be available to them from 10 percent of waterworks revenues alone. Publicly-owned utilities provided poor relief funds in similar manner during the depression but statutes allowing the practice have expired.

The house received from Rep. Fred L. Hoffman (R-Hamilton) a joint resolution for changing the state constitution to permit probate judges to serve six instead of four-year terms and allow the state to pay their full salaries.

Convention Trips Okayed

The senate passed bills to permit cities to pay expenses of their officials on convention and other business trips, to provide fines and jail sentences for violating county building codes, and to set a minimum fee of \$5 for out-of-state corporations filing in Ohio.

The senate finance committee called another hearing today in an effort to whip a pay increase measure for county auditors through the legislature before new March 8 terms begin.

The committee already has lowered proposed maximum pay from \$9,000 to \$7,200 a year and eliminated a \$2,400 floor provisions, but sponsors of the bill said it would give increases to all auditors.

Holmes County Auditor John F. Jamison told the committee his salary was only \$1,630 a year and that he couldn't live on it. Other witnesses backed up his plea for increased pay.

The senate agriculture committee postponed until next week a hearing on a proposed reorganization of the state department of agriculture which would give long tenure to a number of technical job holders. Sen. George G. Shurtz (R-Coshocton), committee head, said the postponement was to enable several persons to attend the hearings who couldn't make it today.

Education Professor Claims Movies, Radio Do Children No Harm

(By Associated Press)

CLEVELAND — No child ever learned anything bad from a movie or a radio program alone, a Western Reserve university professor declared today.

"No child ever went wrong because of a radio program or a movie," said Dr. Clarence B. Allen. "He had the tendency or the attitude beforehand, and the movie merely gave him the technique to carry it out."

Dr. Allen, who is professor of education at Western Reserve, is making a study of the effect of movies, comic books and radio on the modern child.

He believes that children cannot grow up in America normally without an average diet of movie and radio programs.

"If a child gets nightmares from over-dramatic radio programs or becomes morbid from certain movies then such things are bad for him," Dr. Allen said. "But if there is no apparent reaction on the part of the child, then parents should not try to over-protect him by keeping him away from these amusements."

"Some parents try to pre-digest all such entertainment for their children. But life doesn't treat the child that way. The poor manners, bad language, intonation, or over-idealized love scenes the movies portray can't be avoided in real life. The child must learn to live with such things and judge them in his own mind."

Dr. Allen asserted that parent teacher groups and parents in general tend to be too critical of movies and radio programs.

"State boards of censorship are fair and just," he said. "They represent a mixed group and do a good job of censoring."

permitted to survive as virile, active and militant organizations."

Legislative Proposals

Belne termed the closed shops and its variations "a most effective producer of union responsibility."

The NFWA also opposed legislation which would:

1. Outlaw the payroll check-off system of collecting union dues.

2. Provide for compulsory arbitration. (No pending bills require it.)

3. Set up a federal mediation board independent of the labor department.

4. Overhaul the Wagner Labor Relations act.

11 MEN ARRESTED IN NEGRO'S DEATH

GREENVILLE, S. C., Feb. 20.—Sheriff R. H. Bearden announced today that 11 men had admitted taking part in the lynch slaying of Willie Earle, 25-year-old negro, near Bearden Monday.

Bearden said a concentrated search was being pushed for "the trigger man," in the case.

Earle, arrested as a suspect in the fatal stabbing of a Greenville taxi driver, was taken from the nearby Pickens county jail by a mob estimated at 25 men. A short time later his body, bearing knife and gunshot wounds, was found beside a Greenville county road.

Up to noon today, federal, state, city and county officers working on the case had taken 14 men into custody.

Interment will be made in the City cemetery.

Senator's Hearing Aid Static To Other Solons

COLUMBUS, Feb. 20.—It sounded like the whistle of an old-fashioned peanut stand when the shrill noise filled the Ohio senate chamber.

Elderly Sen. Tom W. Jones of Middleport sat blissfully unaware that his electric hearing aid was causing the disturbance.

A neighboring senator turned to ask about the tuning of the hearing device.

Jones, who often fails to hear roll calls and is prompted by friends, answered in a loud "yes."

The whistle stopped and senate smiles subsided.

Jones returned to his seat Monday after being absent nearly a month because of illness. For the first time he has worn his hearing aid regularly during sessions but he still has to be prompted when it's his turn to vote.

BELOIT

A Youth center, sponsored by Parent-Teachers association, will be opened in the near future.

This was announced when Founders day was observed with a program at the high school auditorium. Boy and Girl Scout troops sponsored by the PTA participated.

Olin Shoar, southwest district commissioner, was in charge of a charter presentation and presented membership cards to leaders and committee members. Glenn Turner, scoutmaster, introduced each scout. Special recognition was given to John Townsend, a Life Scout.

The Girl Scout troop presented a pageant portraying "The Ten Girl Scout Laws." Mrs. Emmet Weizenecker read an article on Founders day. Songs were sung by the high school chorus under the direction of Wayne Wilson. Mrs. Raymond Gustafson was at the piano. Group singing was led by Miss Lois Blosser, with Mrs. John Eckenroth, accompanist.

The PTA was organized in December, 1938, by Mrs. Viola Scott, who was the organization's first president. Mrs. Ellen Ware is now president. The group, which has grown steadily, now boasts 143 members and has sponsored many projects.

Mr. and Mrs. Donald C. Grimm was complimented at a miscellaneous wedding shower, Wednesday evening at the home of Mrs. Betty Nelder.

Mr. and Mrs. William Israel and daughter Linda, of Windham and Mr. and Mrs. C. Robert Klein of Kent visited Mrs. Cora Burns Sunday. Mrs. Burns is improving.

Mrs. Lewis Warren has received word of the birth of a son, John

Roderick, to her son and daughter-in-law, Mr. and Mrs. Roland Clark of St. Joseph, Mo.

Mrs. Fred Weizenecker will entertain the V. C. club at her home Wednesday, March 12. This was announced when the club was entertained Wednesday afternoon at the home of Mrs. Glenn Turner.

Roll call was answered by 21 Girl Scouts when they met in the school building and it was decided to send a deposit for two cabins at Dunn Eden lake which they will occupy next summer.

1947's Newest Automobile

This is a view of the new Land Cruiser which has just been added to Studebaker's line of postwar automobiles. Although following the company's ultra-modern styling, the model is longer, roomier and more richly appointed than any previously announced by Studebaker. Harmonious interior color combinations, deep cushioning and high quality fabrics are among features which promise to make the car a standout in the luxury automobile field. The Land Cruiser will be available only as a four-door sedan.

The first public presentation of an entirely new Studebaker model that combines the richest of prewar elegance with the best of postwar styling.

The model is the 1947 Land Cruiser. Available only as a four-door sedan, it carries the now familiar Studebaker design to even higher standards of spaciousness and comfort.

"Since the Land Cruiser has only recently gone into production at the Studebaker plant in South Bend, Ind., we consider ourselves fortunate in being able to arrange a showing at this early a date." "The car is longer and roomier than any we have previously shown, but it will undoubtedly become best known for its restful cushioning and tasteful interior appointments.

"Just as Studebaker beat the rest of the field with a genuine postwar car, it has built this model with a determination to excel all others in luxury."

In appearance the Land Cruiser is a longer wheelbase version of the Commander and the increased length of the body has enhanced the beauty of smoothly flowing lines. Conforming with the trend that is expected to become more pronounced in all future automobiles, passenger seats and engine have been moved forward as part of a scientific redistribution of weight. This has resulted in two major automotive achievements. Better chassis balance and a lower center of gravity have been reflected in a remarkable advance in riding ease. Secondly, passenger compartments have been lowered and extended to the former fender boundaries. Front seats are a full five feet in width.

Exteriors are further marked by the use of curved, one-piece windshields, complementing the over-all visibility that is one of the model's most impressive features.

Doors are extremely wide and floors low, assuring easy movement in or out of the passenger compartment.

Color harmony as well as luxury characterizes the exclusive interiors of the Land Cruiser. Eight body colors and two shades of broadcloth upholstery are available. In addition to the superlative quality of the fabrics, pleats and tufts lend a distinctive custom-built flavor to cushioning. Wrapped spring toppers are another contribution to comfort.

Appointments include adjustable rear compartment ventilation windows, assist straps, leather robe rails, fully carpeted front and rear floors, scuff pads and a tasteful application of garnish molding and stainless steel trim.

Other features frequently listed as extra-cost items but included as standard equipment on the Land Cruiser are electric clocks, positive-action windshield wipers, hill-holders and oil filters.

Second Guessing

By DON E. BEATTIE
News Sports Editor

DEPARTMENT OF CONJECTURE

Salem High school athletic officials are investigating the possibility of installing temporary or permanent wooden bleachers at the northern end of Reilly stadium to accommodate from 500 to 750 people at football games.

Faculty Manager Fred E. Cope has been instructed to look into the cost of such a venture and if it is within reason to proceed with the purchase of the bleachers.

This will come as welcome news to a lot of adult fans because it will provide space for the bands, the Knot-hole gang and a goodly number of students.

The added seats made available by such a switch in arrangements would provide additional reserved and general admission seats for the general public.

DEPARTMENT OF THE FUTURE

For Salem's 1947-48 basketball schedule a clear field lies ahead.

Only two teams, Sebring and East Palestine, are actually under contract now and no definite commitments are made on other games.

Coach Bob Miller has expressed a preference for another 17-game card next year, with about four Tuesday night games and the balance on Fridays and Saturdays.

It is expected that one of the Wellsville home-and-home games will be dropped next season, probably the game here. A stronger outfit will then be scheduled here if possible.

The locals just missed a game with Mansfield last year. The Tigers are planning a trip through this section and wrote for a game, but turned it down after a contest was arranged with East Liverpool. They preferred the Liverpool floor, officials said.

It is expected that a game with Steubenville may be canceled, in addition to one or two more with Akron schools.

Massillon wants Salem to come there next Dec. 12, but will not return the visit. The Quakers may accept.

DEPT. OF HIGH COST OF LIVING

At a recent meeting of the Salem High athletic council it was decided to raise the price of reserved seats at football games in 1947 from 80 cents to \$1 to meet higher expenses for equipment, balls, officials, etc.

The reason: Fred Cope cites the rise in the price of football shoes from about \$12 a few years back to \$20 and \$25 now. Almost everything else has zoomed accordingly.

The \$1 admission is not out of line. Massillon and Canton have been soaking fans that for nearly 10 years and similar prices have been in effect in Toledo for even longer.

DEPARTMENT OF SEBRING INFO.

Although the telephone strike has secured of detailed data on Sebring and its team all tied up, it is definitely certain that any Salem fans who want to see the contest Friday will be able to secure tickets at the gate.

No reserved seats are sold at Sebring, which has a gym almost identical to East Palestine's and plenty of tickets will be on sale at the gate.

Incidentally, James L. McBride, former Leetonia football coach and principal, is now principal of Sebring High. McBride did the drawing for Sebring at the Class B tournament meeting at McDonald Monday.

ODDS AND ENDS

Joe Kelley, Jim Primm and Tim Hoppes attended the High school athletic council meeting, representing the Boosters club, Tuesday night. Bob Campbell and John T. Burns represented the board of education. Irwin Shoppell of Canton and Howard Helman of Struthers probably will officiate the Salem-Sebring game Friday. Matt Wansock and Al Sebastian will work the Akron-East game here Saturday. The East game is a sellout. There will be no Salem Night Relays this year, but there will be in 1948. Canton McKinley will not play Salem basketball unless the Quakers also want to play football, as per Coach Bup Rearick. East Liverpool refuses to schedule Columbiana in basketball, even on the Potter floor.

Quakers Need One-Two Punch To End Year

TREK TROJAN WAY FRIDAY

Akron School Opponent In Season's Finale Here Saturday Night

It's going to take a one-two punch this weekend to put the Salem Quakers in for the regular season with a 16-1 record.

Friday night the locals travel to Sebring to meet a not-too-potent Sebring Trojan outfit and Friday night they entertain the Akron East Orientals on the home court.

Neither of two outfits is blessed with the type of record that should frighten Salem, but both—especially East—are capable of ruining what may be one of the finest season's records ever recorded by a Salem team.

At Sebring Friday night Coach Bob Miller's team will gain experience against the more aggressive type ball on a court almost as large as the South field house, where the tournament will be played.

Sebring has won but six games in 17 this year, but the Trojans have put up sound battles against some highly rated opposition.

Sebring uses a pressing defense most of the time and utilizes the kind of offense that makes it difficult for the smoothest-working team to surmount.

The game at Sebring will begin at about 8:30, following the preliminary between the two reserve outfits at 7:30 p. m.

When Akron arrives here for the Saturday game it will mark the first time in several years that Salem has tangled with a Rubber City squad in the regular season.

The Orientals, not one of Akron's best in record, have compiled a "tough luck" record all year long, losing to the best by just a few points only. Tuesday night East dropped a thriller, 38-37, to Akron Hower in an overtime.

Faculty Manager Fred E. Cope announced early this week that all reserved tickets for the Saturday game are sold out. General admission tickets will be on sale at the gate.

The game between the Akron and Salem reserves will bring down the curtain for the youngsters this season.

Salem's varsity will be idle after Saturday until its first tournament try against Alliance at 8 p. m. Wednesday, March 5—a layoff of 11 days.

Brown Record

PROVIDENCE—Three-time basketball captain and football end, Woodie Grimshaw has scored 894 points in four years of basketball, a new record at Brown.

Cleveland's Rookie

Even though he just got a Cleveland Indians baseball contract and a reported \$15,000 bonus for signing, school is still on the program for Lee Carey, 17-year-old U. of Arizona freshman. The star athlete, shown with an armload of books at Tucson, is 5-11, weighs 175, plays third or field.

A Racing Horse That Has Them Chattering

(By Associated Press)

MIAMI, Fla. Feb. 20.—Hialeah Park racegoers had something to talk about today aside from the remote possibility of Armed's being beaten Saturday in the \$50,000 added Widener handicap.

They still were discussing yesterday's track record daily double payoff of \$2,691.

Only 28 \$2 bettors held tickets on the winning daily double combination of Flery Dawn in the first and Bud's First in the second. Flery Dawn paid \$79.00 to win and Bud's First returned \$39.50.

The previous high daily double at Hialeah was on Feb. 4, 1936, when Benares and Absconder paid \$1,459.20.

Miss Keller Plans Columbiana Troth

COLUMBIANA, Feb. 20.—Mr. and Mrs. Carl S. Keller of 318 Firestone ave. announce the engagement and approaching marriage of their daughter, Elsie Mae Keller, to Harry D. Hollinger, son of Mr. and Mrs. J. F. Hollinger of Pasadena, Calif.

The wedding will be an event of Friday evening, Feb. 28, at 7:30, the ceremony to be performed in Grace Evangelical and reformed church. Both are graduates of Columbiana High school.

Friendship class of the Methodist church will meet Friday evening at the home of Mrs. Norman Detwiler, N. Elm st.

Wins Speech Contest

Columbiana was the winner of a contest at the graduation banquet of the Dale Carnegie classes of Canton and Columbiana at the Hotel Belden in Canton Monday evening.

In a two-speaking-at-once contest, Stephen Frank of Columbiana received an award as the champion. Other members of the Columbiana class to win awards were Theodore E. Holz, Jr., William Icenhour, Fred D. Fritch, Russell E. Hum, Erwood L. Calvin and Robert H. Culp.

Judges were Alfred C. Gunsaulus of Goodyear Aircraft, Akron; Mayor Carl Klein of Canton, and Mark Klingensmith of the Union Banking Co., Columbiana.

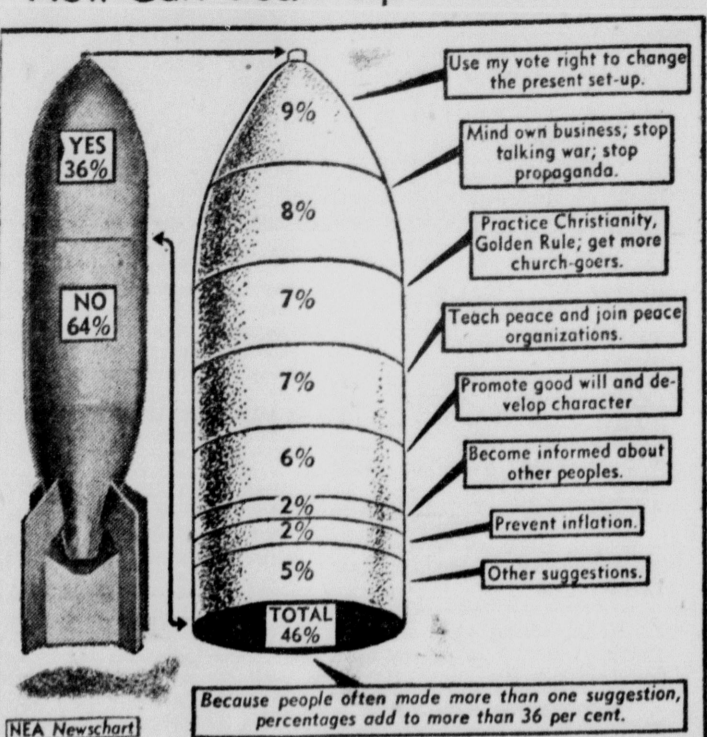

Each class numbered 33 members. Of the Columbiana class William Hutton was president; Samuel J. Lindsay, Jr., historian; John A. Robinson, treasurer; Jesse C. Terence, reporter.

Plan Rotary Meeting

Columbiana Rotarians are planning to be well represented at the Akron conference of the 158th district in April. At the meeting of the club Monday evening, William Knuth, manager of Firestone Farms, was appointed committee chairman.

The meeting Monday evening was given over to the club service committee with its chairman,

"How Can You Help Prevent War?"

Americans generally had very specific ideas on how they, as individuals, could do their bit for the war effort. But nearly two-thirds of them can think of no way in which they can do their bit toward eliminating future war, according to a recent survey made by Denver University's National Opinion Research Center. As Newschart above shows, 64 per cent answered "No" when asked if they could think of anything that they, personally, could do to help prevent another war. The suggestions offered by the 36 per cent who answered "Yes" are shown at right.

Richard Lehman, in charge.

Next Monday evening, the club will join with the other service clubs in the American Legion Washington's birthday banquet in Pavilion 4, Firestone park. Wilbur Shaw of Indianapolis will be the speaker.

Commerce Man Heard

John G. Desmond of Cleveland, representative of the U. S. Department of Commerce, spoke at the meeting of the Kiwanis club Monday evening.

He dwelt on the facilities of the

department for aiding the business man—the merchant—as well as the manufacturer. He urged business men to make more use of the department's information and advisory service, which may be had for the asking.

Desmond was introduced by "Gus" Richmond, who arranged the program.

U. S. Class I railroads have enough passenger cars to seat 1,705,036 people simultaneously.

Meet the boss!

Meet Babs Brown, the Boss. We don't mean *Mister Brown's* boss, either. We mean *our* boss—and a very nice one, too.

Sound odd to you? Well, it isn't. It's a solid fact that your electric light and power company is owned by a lot of people like Babs Brown—and Bob Brown—yes, and yourself.

Housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen—people from all walks of life have put some of their savings into electric companies such as ours. They're the *direct* owners.

But there are countless *indirect* owners, too—and many of them have no idea of their stake in the electric industry. They are the people who have savings accounts or life insurance policies—and that means nearly everybody. It works like this: When banks and insurance companies accept your money, they must invest it safely, wisely. And because *business-managed* electric companies have a long record of faithful public service, much of this money is invested in utility securities. So you, too, are probably one of our bosses.
